Hi Chris, hope all is well with you.

I just received your brochure in the mail re/ the renovations at the Pig n Whistle. Very exciting – and it's always good to see our businesses continuing to invest in the neighborhood.

I wanted to see if, in the spirit of helping to lift up this part of the Boulevard, you would consider removing the old kiosk that the BID willed to you about 15 years ago. It has passed its useful life. We get complaints about it – especially when we are asking the street use inspectors to come to Hollywood to issue citations for signs and street furniture that are on the Walk of Fame. People ask why this still remains, and I understand it has some type of revocable permit, but it has no useful purpose. As I recall, it was intended to be a tourism kiosk, and as you can see from the photos I've attached from earlier this week, it is just standing there serving no purpose and attracting graffiti. I'm copying Dan Halden on this as well, because the council office has been helping us with this sidewalk reconnaissance effort.

With the beautiful renovation you have done – this contraption, with your logo on the top, doesn't do justice to what you've tried to accomplish with the new image.

In December, we moved our staff headquarters for the BID to the Boulevard – we are in a retail storefront just past Cherokee. Our intent in being here is to work with all the business and property owners to "lift up" this section of Hollywood Boulevard. Hence, I hope this can be removed – let me know if you want us to help with that.

When you come to Hollywood –come give us a visit at the address below,

Kerry
